Meu querido e adorado Gilberto,

Queria só comunicar com você de novo sobre os acontecimentos aqui na Talavera Bruce!

Em seguida a a última carta que eu mandei queria confirmar meu estado emocional baixou muito nos últimos tempos por falta de notícias da minha família e também do meu infeliz Bonner que eu me dou conta está bastante perturbado no seu trabalho!

Basta vederlo in faccia poverino che cavolo sta succedendo alla ~~Globo~~ Globo?

Stava tanto bene senza la presenza di questa strega di Bernardes che sembra che mandava a fare in culo la gente sul Jornal Nacional e che lui nemmeno riesce a "en placer une!"

E per fare enfasi al suo collega Marcio che andava così bene con lui (che finalmente il JN c'aveva un significato e uno si sentiva davvero a Rio.)

Con lei sembra che stiano nel non so se mi spiego "Good Morning Vietnam!" Cavolo!

Vabbè (ma io pure c'ho paura e stiamo tutti peggio ogni giorno che passa...

Do you know Gil that a nice girl called SRI LASTARI is with the Malaysian ambassador in Brasilia, perhaps you could arrange to meet her she knows me quite well. I'd be very interested to

know what she really thinks of me to your face!

Just try to see if she's alright first then try to arrange a meeting I think she's going to like you from what I detect however I'm really not sure.

By the way, I'm about to send William some more fotos of my art material, do you think it's a good thing, or not since he seems to be very troubled, I hope I haven't caused any upset in his life with my letters for example cause they really were addressed to him privately as you know.

How is Caetano? How is he doing, is he alright, please Berto tell me what in the world is going on in Rio at this time cause I tell you my father is supposed to come in September to visit me is it a good idea? He is an elderly man. However if you could kindly give him a ring in Italy on: 0039-06-06785971 in the week and at week ends: on 0039-06-999 71 34 DAVID WILLEY just in case you didn't know.

He would much appreciate your support and possibly your company if you could spare some time. He is the kindest man in the world and DESERVES good attention really my love!!!

He's good fun but obviously a bit sad about

life, as me, his pride and joy has been taken away from him all of a sudden and he needs a few reassuring words from someone professional of my real intentions in life and not what other people have invented without heart or love.

OK I can't carry on on this subject as I do get emotional...

I would also love Bonner my William to meet him. They would get on very very well.

Listen my beloved Berto, I make it short today as I need some efficiency for my part this time for A CHANGE and not the other way around yeah?

I love you with all my heart thinking of you masses, please send my fondest love to Celso and to Caetano and to my Mine de Condomínio...

But I tell him to keep calm ok 'cause I can see he's a bit stressed on TV. Please keep in good touch with my love Prince and send him huge love and tenderness from my part. I'm enjoying his company soon I hope!!!

Much love and take care

my passion,

I'll be writing fairly soon to D'Javanooo.
