

PEACE

Dear Gilberts,

All our best wishes to you and your family these holidays. I hope you are well and happy. We had such a nice call from Marcos when he was in N.Y. - and now Steve tells us that Charles has been invited to join you in April for two concerts. I shall have to start studying Portuguese! We are both fine - I had two back surgeries (Sept & Oct.) now much better, no pain in my legs. We

finally heard back from Manfred (ECM) about the tapes, he likes what he heard and would like to see what is there after mixing. Here in states, the bigger labels say they like it, but, they have a hard enough time selling Milton. Everyone we have played it to loves it. Maybe there would be time to do one or two more songs when we are there.

I hope the New Year finds an end to the violence and chaos and hunger which takes over the news.

Love,

Dotty & Charles
