Oh no It's incomprehensible - ¹⁵⁻⁵⁻ yesterday they put me like
 a puppet during a long time with awful pain
 At least I was chosen to go out - My husband asked
 me what I was going, that the crisis of Crozy was
 coming again like last year. But as I was feeling
 good I went out. I was at the door of my garden and
 I wanted to wait. It was 19th past something. I saw a
 man coming and he clicked to open the doors and
~~the~~ suddenly I open the ^{door of the} garden and came back home
 one at home I did not understand what I did,
 because this man was nothing to be afraid of -

Why I opened the door back to go back at home -
 just the satellite which makes me moving such a
 way or a remembrance a souvenir of the the
 fact of last year of the people were taking me like
 a prostitute. I don't think it has been that

reflexe because I ~~was~~ had decided to wait and I
 knew it was the last chance ~~that~~ suffering that
 future butchery - this man, if he was coming
 for me ~~had not and not~~ ^{he must not} have understood nothing

So Now I stay without nothing so ~~basit~~ ^{decent} ~~Basit~~ ^{Basit} ----
 no mo----- to have a ~~decent~~ death.

to day I am dressed to go out but they put me like a
 puppet as yesterday and the week in April - I'm so down.

And the situation is not like yesterday what I understood
Nothing in front of my door. This man must believe
I am crazy - I can swear to you that I
~~give a damn~~ don't care at all of what people
think I am a prostitute.

And for my husband is craziness to go out.
However I am still like a puppet as soon I get up.
I lost the last chance not suffering Newbery.
I don't know what they would have done
if I had succeed yesterday - As they see exactly
what I do they can stop me in everything I do
they have already done that - Immobilize me totally.
Thanking you very much - I don't know if I will
be alive when you receive this letter.

Wishing you the best.

Love -

I am feeling very bad they put my ^{brain} head in
a strange way. And I have difficulty of breathing
So much electricity in my brain and I can't stand up
without being put like a disarticulate puppet.

How people can't trust me when I talk about this
monstrous satellite - ~~but~~ The unbelievable can but real
is not true, think to everybody (but my psychiatrist thinks
I am right).

Do you remember that Ukranian political personality
who ~~died~~ dies from a crisis of a heart. His family
said he had nothing abnormal with his heart. But the
they stayed at this point. Of course no government

I know nothing about - After my death nobody would speak about it. And the elite are too straight to imagine ~~the~~ such a monstrosity. Even the scientist (biologist) said it's bullshit -

And after what happened yesterday ~~the~~ everybody can say I am crazy -

I have respect for what does Mr. Clooney about he is very very naive, as all the others. Meanwhile the holocaust of the war has existed and the Birmanya too; But as they can't imagine the technology it's only bullshit fiction. ~~is~~ the human being is too certain of himself -

They do that in front my husband and when I am alone to show I am crazy. It's fiction. and it's not the showbizzy movie who would say something to my husband because they are in the same ignorance -

It's incredible the money and the power of these criminal organisations.

I told you about when I was sitting down with the hand into the other other. Suddenly I received a ~~seer~~ movement in the muscle ^{in my} of the arm and they wanted to lift up my hand I resisted; I shout "Pie", so I left my arm which made ~~my~~ ~~mat~~ ~~on~~ ~~my~~ the nail of my thumb making a line eyelid around the neck, a line on my torso horizontal, at the middle of my body and my legs. I suppose they would do that with a razor and another machine!

My husband does not believe me when I talked to him about a criminal association who wants my skin - And makes me suffer the worst that witchery - they could have made me die with a crisis of heart But they want I suffer after all I have been suffering -

~~How~~ Don't you feel it has been strange they put me as a puppet suffering a lot that week of April?

All the Elite political show-bizj don't wait imagine this unbelievable. Anyway they can't do nothing and as it would not happen to one of these people - it would be the perfect crime they know where I am. They can put me every emergency stop me in every movement I want to do so they can communicate to the Hitler monsters to do what she would do easily - my husband repeat me always that there are no reasons they do that to me, they would have done it a long time before. He does not believe me neither for the actresses, the showbizness movie: They are subjects we can't speak, He gets very angry -

wishing you the Best

It happened last year ^{at} ^{my} ^{house} that as I was walking in a direction they made me moving around on myself. And I was in the inverse direction one hour on myself and I was walking the direction I was coming ~~back~~ -

I can't even put my shoes on they make me turn several times on myself -

It can't be a surprise, strange that I never could meet meet this Guy and for that reason people could not help during such a long time.

And after turning on myself to put my shoes yesterday I have the hand on the thing to open the door they made me turning on myself and come back to the garden - like a robot.

Last time I saw the psychiatrist I asked him for what reason the others doctors did not believe him he told me because ~~the~~ symptoms happened in front of my husband and I added and before

in front of a neighbour woman - But I did not repeat him that was happening in front of the persons I spoke about the satellite - that the satellite was the reason, because the "spoiled doctors" want the people about me think that I am crazy -

And as I have to see him only on the 30th of the May I might be into pieces before - The show likes movie is not going to wait anymore -

Stupid of me another time. I told him before but he did not remember it - And for that reason

All the elite scientific show by government is going to think that I am I was a crazy person

For my husband radio TV (of what happening signals)

After it's craziness too - And people who unfortunately wanted to help craziness too - the spoiled doctors with their

Technology (satellite) and knowing ^{all} about the Body
have made the whole I met nobody and until yesterday
I suppose because there were no reason I was decided to
wait until it happened something -

All what could be verified in great numbers
nobody knew exactly about the disappearance of the Jews
and other people during the last war.

Not me alone - In France when the doctors don't understand
the reasons is psychosomatic - Paranoia etc -

They here made did nothing in front of the psychiatric
and now and it's going to last years. The only thing
they did it's make me electricity in the brain - I told
him and I have difficulty to speak quickly -

Now you can believe what you want.

Are you going to pass this line of the Unbelievable
Real and not a fiction - but a monstrous Reality

Their project was to stop me to escape. So they found
these symptoms of puppet. to stop me to go out and meet
everyone, no witness.

I thank everybody who has tried to help when there was this Guy.
