

USELESS LANDSCAPE

There's no use of a Moonlight glow....

Or the Peaks where Winter Snows....

What's the use of the waves that will break

in the cool of the evening.....

What is the Evening?

Without you....

It's Nothing.

It may be....

You will never come....

If you never come to me.....

What's the use of Loves Wonderful dreams

...and why would they need me

Where would they lead me ?

Without you.....

To no where.
